Precast Facility - Enhancing captive capabilities. Exploring newer technologies

A state-of-the-art manufacturing plant of precast concrete building driving speed, quality & scale

- Precast enables manufacturing all elements of building and infrastructure industry, such as Beams, Columns, Slabs, Load Bearing Walls, Partition Walls, Staircase, and Lift Cores, among others.
- On Infrastructure side majority of precast orders are from L&T as part of National High Speed Rail project. Balance orders are from Residential and Industrial segments as part of our existing orders.
- Considering the orders and demand from civil as well as infrastructure space, the company is undergoing capacity addition in precast.

Benefits of Precast Manufacturing Facility

Faster delivery
Prefabrication cuts turnaround time significantly.

Better margins
Higher operating efficiency at scale.

Consistent quality
Controlled factory environment ensures precision.

Sustainable
Less labour-intensive, resource-efficient methods.

Offsite Modular Construction Technology is the future to achieve seamless quality, speed in delivery and larger volumes in a controlled environment.
